Description

Ready-Set-Serve® (RSS) Organic Lemony Arugula is a blend of peppery arugula and lemony sorrel—use it as a standalone salad or incorporate it into a wide range of recipes.

Benefits

RSS Organic Lemony Arugula is grown year-round by only the best growers in the US—and is always backed by Markon's comprehensive 5-Star Food Safety® Program. Its distinct flavor profile allows it to shine in green salads, pasta recipes, pesto, polenta, and pizza. Look for it packed in our eco-friendly recyclable, wax- and staple-free cartons.

Usage Ideas

- Use this versatile blend to give appetizers and soups complexity; great on crostini, in dumplings, quiches, and spring rolls.
- Pair the zingy flavor with sweeter lettuces like green leaf and romaine or fruits such as apples, pears, and figs. It also pairs quite well with salty hams, toasted nuts, and roasted vegetables such as beets, carrots, and winter squashes.
- Organic Lemony Arugula is no stranger to entrées—use in pesto and pasta dishes, on pizzas, in sandwiches, and on burgers.
